

Colour-Coded Wipers for Prevention of Cross-Contamination

WYPALL* X80 Colour-Coded Wipers

High-tech Performance!

A high performance range ideal for clearing spills and cleaning up. Essential where health and hygiene are vital. Colour coding makes maintenance of strict hygiene regimes easier by systematically using these colour coded wipers for segregation of cleaning tasks and are ultra absorbent and hard wearing to last longer and to be rinsed and reused. The superior performance and 100% usage of each wiper offers you greater value through lower cost in use.

Typical Uses

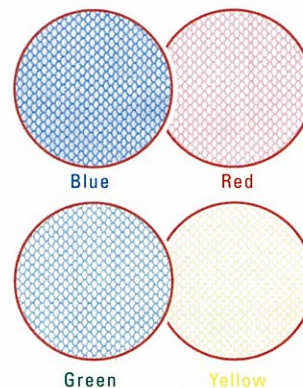

- Heavy-duty machines & parts wiping
- Prepping surfaces with solvents
- Cleaning rough surfaces
- Kitchen preparation and cleaning
- Foodservice general cleaning
- Healthcare segregation for hygienic application
- Heavy-duty wiping for any application, absorbing more oil and water

WYPALL*
BRAND

WYPALL* X80 Colour-Coded Wipers

- Different colours for different areas and applications, prevent cross contamination effectively
- Made of HYDROKNIT* fast-absorbing material, absorbs liquids, oils and spills faster and better
- Tough enough for extended use and reusable
- Cloth-like comfort for more effective clean-up
- 25-sheet poly wrapped for more hygiene and convenience
- Essential product for HACCP-compliant industries

HYDROKNIT* technology

WYPALL* X80 Cloth Wipers are made from our patented HYDROKNIT* material. HYDROKNIT* is a fast-absorbing material, which is bonded with soft, natural fibres to produce an extra-strong, non-woven fabric. This creates a wiper with fast absorption, outstanding tear-resistance and exceptionally high performance for personal wiping tasks.
